Friday's Forecast

On Friday, the House will meet at 9:00 a.m. for legislative business.

Quote of the Day

"Crude oil was at \$77 a barrel as recently as early August. Yesterday (Tuesday), the price of the October crude-oil future contract settled at \$63.76, a near six month low, down \$1.85 from Monday, on the New York Mercantile Exchange. That helped spur stock prices to a four-month high. At the same time, the average retail price of gasoline has fallen to \$2.67 from \$3.08 a gallon, according to the U.S. Energy Information Administration."
